Registration Process - Please use the conference registration form enclosed – one per person. Or alternatively email Kate (kate@musical.org.nz) to receive the form electronically or download it from the MTNZ website www.musical.org.nz/conference. There will be both PDF and MS Word versions available. You can save the Word version to your computer, type in the form and send it electronically to Kate or copy and paste the registration form into an email.

Unfortunately due to the cost of setting up and the charge on electronic payments, we are unable to offer on line registrations but you are very welcome to send through your conference registration via email – in fact it is encouraged and you can make payment into the MTNZ Westpac account via internet banking. You will receive confirmation from the MTNZ office once registration payment is received.

Seminars and Forums - You are required, please, to indicate seminar and forum choice when you send through your registration. With 11 forums and 10 seminars and an estimated 300 – 400 people attending conference, it is very difficult to allocate rooms, which vary in sizing, if we don't have the confirmed numbers.

Accommodation - Please note that you do have to pay for your accommodation at Rydges and NOT to the MTNZ office when you register. You will need to settle your own accommodation account upon check out.

Transport from the Airport to Rydges and Return - If you require transport to and from Auckland airport to Rydges and return on the Sunday, please make sure you fill in the Flight Information part of the registration form. Please note Zone One will not be organising transport for other than Friday and Sunday. There is a cost of \$15 per person each way for MTNZ Exclusive Conference bus transfers. Please make the most of this transport option – you will not get it any cheaper and there will be a meet and greet from Zone One and you will be transferred to the hotel directly from the airport. If you have not booked your flights, you can advise Kate Ghent, Administrator, by 1 March at the latest, of your flight times. At this stage we are looking at pickups from the airport of 10am, midday, 2pm, 4pm and will look at transfers before 10am and after 4pm if required; and the same for Sunday from Rydges to the airport. If you do not pay for the bus transfer at the time of registration, you will need to ensure you have the correct change to give to the Zone One Representative on the bus as there will be no EFTpos or credit card facilities available.

Car Parking for conference guests is available at the adjacent Sky City car parking building (formally Wilson's) on opposite corner of Federal & Kingston Streets to the hotel. Pre Paid Exit Tickets can be purchased from reception for \$15.00 per exit ticket. This is usually \$30.00 per exit. So you can park on the Friday and leave on the Sunday and it will only cost \$15.00. You will need to advise if you will be requiring parking on your conference registration form. We will also have parking available at the Sky City Convention Centre for \$18.00 for those of you only attending the Masquerade Ball.

Dress Codes For Functions

- ☞ **Friday Night – Dominie Drama World Cuisine Dinner** –smart/casual
- ☞ **John Herber Masquerade Ball** – formal dress and come dressed for a ball – traditional or modern – anything goes, and don't forget your mask.

Masquerade Ball Wardrobe Hire - Daphne Abbott of North Shore Music Theatre will have dinner suits, shirts and bow ties available for hire, but you will need to bring your own shoes. You will need to advise your size before coming to the conference to ensure availability. The cost will be \$35 to cover dry cleaning. Please contact Daphne via email info@nsmt.org.nz

Masquerade Masks - Diane Philip from John Herber will be selling masquerade masks at the John Herber trade stand on Friday night and during Saturday.

Tour of the Civic Theatre - There will be a tour of the Civic Theatre on Sunday 21 March leaving Rydges at 10.30am for a 10.45am start. The Civic Theatre is in walking distance from Rydges and it is a stunning theatre and certainly worth a visit. Please indicate on the registration form if you would like attend.

Other

- ☞ Trade Exhibitors – please ensure all information is passed onto Andrew Comrie or Kate Ghent.
- ☞ Showbills are to be taken to Auckland, not sent to the Administrator's office in Wellington.
- ☞ Have you filled in your flight details on the registration form?
- ☞ Merit Awards and the Patron's Encouragement Award nominations close 31 January 2010
- ☞ Poster, programme and website entries must be with the Administrator by 31 December 2009.

Conference 2010 – Forums and Discussion

These forums are designed to be a discussion of like minded or interested people and will have a facilitator/s and/or a panel who are either involved or work professionally in the theatre and entertainment industries. Please come to the forums ready to participate and share ideas. This information is correct at the time of printing and MTNZ reserves the right to change seminar presenters, forum panel members and facilitators if the need arises. Biographies in alphabetical order by first name are available either in the enclosed registration pack or please download from the MTNZ website, or contact Kate to have them emailed to you kate@musical.org.nz

Forum One – The Name of the Game - Marketing Musicals

Presenter: Steve Spiegel, President and CEO, Theatrical Rights Worldwide – New York

Discussion: Steve Spiegel will draw from his thirty years in the theatre licensing business by comparing and contrasting the unique challenges and myriad solutions to marketing shows from Broadway and West End blockbusters, to lesser-known specialty titles. From traditional print media to the cutting edge of the digital age, marketing musicals is the name of the game.

Forum Two – Sound Design and Equipment Q&A

Facilitator: Richard Braid (Now Sound Limited – Shure importer and distributor)

Panel: Glen Ruske (Bounce NZ); John MacGibbon (ML Consultants) and a representative from WUNZ

Discussion: One of the biggest challenges these days for sound is the vast amount of technology that is now available to the sound designer. Whereas 15 years ago we had three radio mics, one mixing board and a CD player, we now have 20+ radio mics, two mixing boards and a plethora of processors, effects units, playback systems, video projectors, and amplifiers. Of all aspects of theatre, sound and lighting is technologically moving the fastest and has the potential to have the greatest impact on the budget and the profit. Richard will present some case studies for the forum to discuss.

Topics suggested for discussion:

- ☞ Discussion around the use of Ethernet (digital audio management) based sound systems- pros, cons, costs, technical requirements, learning curves, complexity (KISS principle) and whether it is suitable for amateur theatre, whether in a permanent set up or a mobile set up
- ☞ With such a huge selection of equipment at your disposal, how do you choose what to use and, more importantly, how do you budget for it?
- ☞ Should the designer be using the latest technology at all? Could an existing method be used that is much cheaper, though it be more difficult?
- ☞ Balancing the budget with the rapidly changing technology available to the sound and lighting designers is difficult.
- ☞ How is technology impacting on the show budget and how do you plan for it?
- ☞ How is new technology impacting on the performances?
- ☞ How do you decide what you should use and why?
- ☞ What new technology is on the horizon?
- ☞ Expectations of the production crew.
- ☞ The different types of microphones – quality and price – what should you be paying
- ☞ Speaker configuration and the types that best suit musical theatre for voice reinforcement.
- ☞ What aspects should be taken into consideration when choosing a mixing consol.
- ☞ What is involved in balancing a system to a room
- ☞ What sort of baffling and deflection should be used on flat surfaces in a venue.
- ☞ Basic acoustics – what's the rules

- ☞ Sourcing, creating and using sound effects
 - ☞ Update from and discussion with WUNZ (Wireless Users Group of New Zealand) who are a coalition of wireless microphone distributors and professional users in the entertainment and screen production industries. WUNZ was established in 2008 to represent all radio microphone users in ensuring that sufficient frequencies remain available with the changeover analogue to digital televisions. WUNZ has entered into constructive dialogue with the Radio Spectrum Management division of the Ministry of Economic Development
-

Forum Three – Auditioning for a show

Facilitator: John Antony (Director and MTNZ Executive)

Panel: Grant Meese (Director); Val Hemphill (Choreographer);
Campbell Downie (Musical Director);
Jane Keller (professional singer & actor & voice tutor)
Neville Scelly (Performer); Sherrin Scelly (Performer)

Discussion:

- ☞ What should I wear? Should I use props or choreography or costume?
 - ☞ If the show takes place in a certain country or time period, should I audition with an accent?
 - ☞ Choosing an audition song – (appropriate to your age, life experience, style, vocal strengths and range, being yourself)
 - ☞ Should I sing a song from the show I am auditioning for?
 - ☞ What should I do if I arrive late for my audition?
 - ☞ Etiquette during an audition – appropriate behaviour- be prompt, patient and pleasant (the three P's)
 - ☞ What should non-dancers wear to a dance audition
 - ☞ How should I prepare my sheet music for the accompanist who will be provided at the audition.
 - ☞ Are backing tracks acceptable?
 - ☞ Nervousness at auditions – how to overcome it
 - ☞ Overdoing an audition song and audition songs that have been overdone!
 - ☞ Tips for cold reading
-

Forum Four – Set Design for the Smaller Venue

Facilitator: Helen Horsnell (MTNZ Executive and Stage Manager)

Panel: Basil Mahan (Porirua Little Theatre)
Bruce McDowell (Tairei Musical Theatre)
Chris Green (Theatre Hawkes Bay/Napier Operatic)

Discussion: A good opportunity for societies with limited wing space and little or no flying capacity to engage in discussion. A sharing of ideas and hints for all attending from three who have designed and built sets in the smaller venues – in Basil's case 170 shows. Each panel member will give a five – 10 minute account of the above each hopefully with visuals and then an open question and answer session

Forum Five – Capital Expenditure

Facilitator: Lesley Reid (MTNZ Executive and former President and Executive member of Napier Operatic)

Panel: Chris McKenzie (Kenderdine Electrical); Terry Molloy (Redd Sales);
Deane Philip (NZ Fire Shield), David Bosworth (The Light Site),
Diane Brodie (Current President of Showbiz Christchurch with over 30 years experience in wardrobe both in Christchurch and nationally)

Discussion:

- ☞ Sound and Lighting - with such a huge selection of equipment at your disposal, how do you choose what to use and, more importantly, how do you budget for it?
 - ☞ Is it more cost effective to rent or lease it? It may be more cost effective to buy the equipment, especially if you intend on using the same equipment or methods again for future shows.
 - ☞ Planning for technological obsolescence- equipment life cycle expectations, gear retirement and replacement- how to build this into current shows planning and budgets-spreading the costs.
 - ☞ Should the designer be using the latest technology at all? Could an existing method be used that is much cheaper, though it be more difficult?
 - ☞ What should you hire, lease or buy?
 - ☞ What equipment is essential for safety in the theatre
 - ☞ What should be fire proofed and what is required to be fire proofed?
-

Forum Six – Financial Planning for a Show

Facilitators: **Allan Nagy** (MTNZ Executive, Production Manager for Miss Saigon for Abbey Musical Theatre and current President of Abbey – 25 years of board work for Abbey)

Kevin Murphy (Executive Business Advisor and previous President and Life Member of MTNZ, Deputy Chief Executive of TSB; board management and involvement with New Plymouth Operatic for over 20 years).

Discussion: How to set a budget for a show – a working forum where a generic budget that can be used for both large and smaller productions, will be looked at, discussed and set.

Forum Seven – Health and Safety – A Guide for Safe Practices in the New Zealand Theatre and Entertainment Industries

Facilitator: **Ian Reid** (Manager, Napier Municipal Theatre & MTNZ President)

Panel: **Rob Peters** (Theatre Systems and Design and President of ETNZ); **Kathryn Osborne** (Places Please Limited; professional Stage Manager, and Vice President of ETNZ); **Dale Henderson** (President of EVANZ and Venue Manager – Baycourt Theatre, Tauranga) **Graeme Philip** (John Herber)

Discussion: The H&S guideline is the document adopted by all major venues in New Zealand. Attached to this should be site specific H&S requirements, such as access to venue, access equipment on stage, fire and evacuation procedures, use of specific rigging and lighting equipment, etc. A number of community theatres still have the “she’ll be right, a bit of four by two” attitude and we need to get health and safety guidelines working in all venues across New Zealand from small community halls to the big theatres. This forum will discuss how to make the Guide work for your particular venue – no matter how large or small. And what the requirements are from societies from a health and safety perspective including fire proofing requirements.

Forum Eight – Society Websites and the Internet – How to make “modern technology” work for you

Facilitator: **Kate Ghent** (MTNZ Website Administrator)

Panel: **Andrew Comrie** (North Shore Music Theatre website)
Chris Zampese (Musikmakers/HMT Productions website)
Reece Preston (iTICKET)

Discussion:

This forum will look at the following:

- ☞ Why do you need a website?
- ☞ So how do you actually go about it?
- ☞ What are the costs involved?
- ☞ Essential information that a society should have on their website
- ☞ Facebook pages
- ☞ A generic email address for your society and using a domain name
- ☞ On line bookings and ticketing
- ☞ Uncomplicating Domain names, DNS records and Hosting providers
- ☞ Content Management Systems
- ☞ Traffic tracking and analysis

Please note that this forum is not aimed at the IT savvy (the last three bullet points are not scary, really), it is for MTNZ members who are wanting to know more about websites, internet technology, emails and how to use it as a communication, ticketing options and marketing tools for your society/school/company.

Forum Nine – Venues - The “Gore Experience”

Facilitator: Ross Benbow (MTNZ Executive and President of Nelson Musical Theatre)

Presenter: Phil Conroy (Shand Shelton, ETNZ, Metro Productions)

Discussion: Case study – The Gore Operatic theatre rebuild – how was it achieved, what was done and why. How to make the dollars go further and utilising the skill sets of the members to provide a successful outcome. Another topic for discussion is the expectations of a new venue and the need to change the way the rebuilt and refurbished venues are operated. Relevant for Societies who are looking to upgrade/ modify and build new venues.

Forum Ten – Fund Raising

Facilitator: Ngaire Holmes (MTNZ Executive and Chief Fund Raiser for Musikmakers)

Presenter: Ken Williamson QSM, JP, MInstD

Discussion:

- ☞ Background Gaming and Community Trusts
 - ☞ The current economic climate and how it is affecting available funds
 - ☞ State of the general application criteria
 - ☞ How to best to apply – who can apply; criteria; important documentation to include with applications, completion of application forms
 - ☞ How to thank/recognise any grant given
 - ☞ What to do if turned down for a grant
 - ☞ Other forms of fundraising
 - ☞ General discussion and advice
-

Forum Eleven – The “MDs” (musical director’s) Forum

Presenter: Richard Marrett (NASDA and professional musical director)

Discussion: This forum will cover all the aspects connected with putting together the musical aspects of performance of interest to those present - topics concerning teaching, coaching, working with vocalists, conducting, repetiteurs, orchestras, ensemble parts, using tracks, clicks and monitors.

If you have any specific topics you would like discussed in any of the forums listed above please email it through to kate@musical.org.nz or fax 04-479-5171

Conference 2010 – Seminars

Seminar One: Directing and Shaping the Drama of a Performance
Presenter: Christian Penny (Associate Director – Toi Whakaari, NZ Drama School)

Content Covered: In a musical, as in a drama, each moment is a progression and extension of the core theme of the work. Knowing this can help us "shape" and bring to "life" the scenes and singers we direct. We will explore this in theory and in action. Come prepared to move your bodies. Drama like singing, exists in action!

Seminar Two: Marketing Success For Local Theatres
Presenters: Rachael Wiseman & Terry O'Connor (Amici Productions Limited)

Content Covered: This seminar will focus on creating and implementing practical, effective marketing campaigns for local theatrical productions. Aspects covered will include:

- ☞ Understanding and developing the 'brand' and 'point of difference'
 - ☞ Defining and accessing the target market of a show
 - ☞ Selecting and implementing marketing channels, with some creative twists
 - ☞ Understanding and working to maximise skill sets and resources available within our voluntary groups
-

Seminar Three: Stage Management
Presenter: Kathryn Osborne (Places Please Limited)

Content Covered: A session on what a Stage Manager should be concerned with during rehearsals and the performance. Emphasis on paperwork and setting up scripts & scores

Seminar Four: Sound Design
Presenter: Terry Molloy (Redd Acoustics Sales & Redd Acoustics Consultancy)

Content Covered: This seminar will be split into two parts – the first hour will be an interactive discussion on overall production planning and execution from the sound designers perspective and working with other production departments (ie: directors, musical directors, lighting designers, props & costumes) and how to make the best utilisation of a busy and sometimes stressful time, leading up to opening night. Ideas and suggestions from a sound designer's perspective, when looking at the overall production from initial planning meetings to opening night. The second part (hour and a half) will be an advanced audio system design solutions, using analog and digital equipment.

Seminar Five: Costume Workshop Management
Presenter: Kaarin Macaulay (Head of Costume Construction (Toi Whakaari NZ Drama School))

Content Covered: Kaarin will present a session on Costume Workshop Management - from looking at the play to understanding wardrobe requirements from pre-production through to storing the costumes after the production. Discussion on the basics you need, i.e. most used items that you should have in the wardrobe without having to hire, what fabrics needed in stock if making regularly. Kaarin will also look at sourcing your costume needs and discussing suppliers and common wardrobe issues.

Seminar Six: Vocal Techniques for Musical Theatre Performance
Presenter: Jane Keller (freelance singing and musical theatre performer, tutor and professional singer/performer) accompanied by Campbell Downie (professional musical director/musician)

Content Covered: The seminar will look at "twang" which is a sound that sounds like a high belt and a totally different technique from belting, but has the same vocal quality and "speech quality" - a wonderful technique for high voices to make good sound in the lower register. A master class situation with selected participants and overall observer participation, learning these wonderful vocal techniques and necessities for musical theatre performance.

Seminar Seven: Production Management
Presenter: Rob Peters (Theatresystems & Design, ETNZ President Production Manager for Southern Opera)

Content Covered:

- ☞ The Production Managers Role
 - ☞ The Team Structure/job descriptions
 - ☞ Planning
 - ☞ The people factor in a production - how to bring departments together, communication, conflict resolution
 - ☞ Budgets / Marketing / Advertising/ Contracts
 - ☞ Health & Safety Implementation
-

Seminar Eight: Copyright Holders Forum
Facilitator: John Antony (MTNZ Executive)

- ☞ The format of this forum will be as follows:
 - Advice and the law on the use of photographs and videos of shows and rehearsals on internet sites like Facebook and Youtube and who is actually responsible for content posted to the internet – Society or the individual who posts the content.
 - The new copyright law with regard to on line copyright infringement and the encouragement of a digital economy for content creators – APRA
 - New show development and licencing –Steve Spiegel, Theatrical Rights Worldwide
 - Each copyright holder will talk about their company and catalogue for approx ten minutes
 - Q&A session.

The forum panel will have representation from the following companies:

- ☞ APRA, Auckland
 - ☞ David Spicer Productions, Sydney
 - ☞ Dominie Drama, Sydney
 - ☞ Hal Leonard Australia, Melbourne
 - ☞ Origin Theatrical, Sydney
 - ☞ Play Bureau, New Plymouth
 - ☞ Playmarket, Wellington/Auckland
 - ☞ Theatrical Rights Worldwide, New York
-

Seminar Nine: Small Societies Discussion

Presenter: Irene Mosley

(Results Consulting – strategies for not for profits & small businesses)

Content Covered: This forum will provide that opportunity and attendees should come away with a whole list of practical suggestions for issues that most societies face and solve over time. Topics for discussion (and please note this seminar will be valuable for members from smaller and medium sized societies)

- ☞ Ideas for growing societies
- ☞ Funding
- ☞ Running the organisation
- ☞ Dealing with conflict

Seminar Ten: New Venues - the new facilities they provide and overzealous users and their expectations and undertakings

Presenter: Phil Conroy (Shand Shelton Limited)

Content Covered:

Case Study: This seminar idea has come about as a result of completing a theatre where a theatre group had great expectations of what they were going to do in their opening show, had made commitments to sponsors and had no idea of the implications and dangers in what they wanted to achieve. They didn't want to listen to their own technical people and went to the experts who gave them the same advice and then started to use the issue of undertakings to sponsors as a means to attempt to get a solution. In a new venue, you have to change the ways you have worked in the past and first you must learn to crawl before you try to run.
